NELSON GETS BUSY WITH HIS ROASTS

Knocks Gans, Sullivan, and Others.

SAYS REAL MEAN THINGS

Accused Baltimoreans of Crookedness and Peevishly Threatens Not to Fight Negro Champ.

By TADD.

NEW YORK, Sept. 13 .- In San Francisco Battling Nelson stated that he would have nothing whatever to do with the Herford-Gans clique in Baltimore.

The Dane believes that being stung once is enough, and will have no more dealings with the "sure-thing" men from the Oyster town. He has always been on the level himself, he says, and has never been mixed up in a fake, and when two such models of honesty as Gans and Herford approach him he

Yes, Gans is the holder of the lightweight title. That is, he used to hold it: but whether he can make the lightweight limit any more is the question. Claims No Title.

Battling Nelson lays claim to no title except that which Britt held. The latter at the champion of Australia, Tim Hogarty, and also the champion of England, Jabez White. Nelson knocked Britt out, and his claims are the same as Britt's friends claimed for him. Only that and nothing more. The Dane's kick on the Herford game dates back from the time he met Kid Sullivan there.

the time he met Kid Sullivan there.

After that fight he was wild at Herford for the treatment he received.

"Why," said Nelson, "do you know that those crooks even changed telegrams that were sent East and West regarding the fight? My manager, Billy Nolan, caught Herford changing one telegram about the fight, so that it would read as though I was battered to pieces. You know they wanted to boost Sullivan so they could get a good house with Britt on the Coast, and were using me as the fall guy. They gave me an awful deal over there, and I swore at the time that I would never do business with Herford or his crooks again. Gans has faked so often that now the public regards him as a bad one, and will have nothing to do with him. He faked with McGovern in Chicago, and the farce with Britt out here in Frisco was the last straw."

Oh. Dear. More Fakes!

Oh, Dear, More Fakes!

Nelson went away, won laurels, and now the name of Gans looms up again. Why should fakers be encouraged? If Gans faked before he will fake again, and the longer we tolerate fakers the longer they will stay with us.

and take no notice of the win. There's faker. Gans might turn around and knock Nelson out for all we know, but the result would always carry a tinge of crookedness, so why bother with crooks while there are honest boys in the ring?

Nelson never barred anyone in his for the lead in triples with twelve cach.

Rowing at Georgetown will commence within the next couple of weeks, and doubles, with 158 safeties, ninety-six toward the end of October.

Neison's squeal about the Sullivan is not a world-beater and does not claim to be, but in the little six-round go with five and believe in Baltimore he not only held his own, but in the opinion of the best judges at the ringside had the better of the engagement. Billy Rocap, the referee, thought Sullivan had the shade, but explained that he was forced to give Nelson a draw because of an agreement with Herford in which it was stipulated that honors should be even if both men were on their feet when the gong rang.

when the gong rang.

The Battler is already giving indications of the expanded cranium and mania for talking to excess, which is characteristic of all successful pugilists, and if he is not careful with his chin music he will strike a discord which will make the public tired.

40 YEARS There is a familiar saying, and a true one, that "Time proves all things." When a medicine has stood this test for a period CURES of forty years, and is then more in popular favor than ever, there is no doubt as to its merits. This is the standard by which S. S. S. has been measured, and its record of forty years of cures fully justifies its popularity as a blood medicine. For nearly half a century this great remedy has been used in the treatment of blood and skin diseases of every character, and so satisfactory have been the results that it is now the best known and most widely used blood medicine in the world. The success of S. S. is based upon the fact that it has always done everything claimed for it; it has maintained the confidence of the people because it deserved it. The constantly increasing demand for S. S. S. is the result of the good words spoken of it by those who have been cured of disease by its use, and, therefore, know from experience that it is the greatest of all blood purifiers. ITS FORTY YEARS OF EXISTENCE HAVE BEEN

FORTY YEARS OF CURES. For Rheumatism, Catarrh, Scrofula, Chronic Sores and Ulcers, Skin Diseases, Contagious Blood Poison, and all other diseases due to an impure or poisoned condition of the blood, there is nothing that equals S. satisfactory results. From childhood up I had been bothered with bad blood, characterized by skin eruptions and boils, especially bad in the summer. For five or six summers I had boils ranging from five to twenty in number each season. Our local physicians prescribed for me, but nothing they gave me did away with the annoying skin eruptions or prevented the boils from appearing. The burning accompanying the eruption was terrible, and I had as high as six boils at one time. My condition was truly a pitiable one when I began S. S. S. It seemed to be just the medicine needed in my case. It drove out all impurities and bad blood and restored the circulation to its original strength and purity, giving me permanent relief from the skin eruption and boils. This has been ten years ago and I have never had a return of the disease. I would state

also that my husband has taken it with good results.

ders and in this way reaches deep-seated and inherited cases on which the ordinary sarsaparillas and tonics have no effect. S. S. S. is also an ideal old people's remedy, relieving the diseases and discomforts of old age and giving strength and vigor to their declining constitutions. Not only is S. S. S. certain in its results, but it is safe. Being made entirely from roots, herbs and barks of the forests and fields, chosen for their healing, cleansing and building-up properties, it acts gently and pleasantly on the delicate members and tissues of the body.
